5/31- School Picnic

A Note from Mrs. Yelenic

Last week was a whirl wind as this whole month has been! Meadowcroft was such a wonderful field trip where we made awesome memories. Thanks to you all and the students. This week we will be having our "Teach the Teacher Day" projects. Please refer to the note and information that went home Friday, May 18th. Again, it does not have to be something that requires you to buy materials. Keep it simple! I am so excited to see the students' creativity come alive!

Also, please refer to the school calendar which states our last day of school and mass will be Wednesday, May 30th, rather than June 1st. This is now a teacher work day. If you have any questions regarding the calendar change please call the school office.

If you have any other questions please feel free to contact me at vdeblasis@olpschool.org or on the Classdojo app!
